

CS 1520 - Project Proposal

Brian Choromanski ( **Choromanski**)

Eric Hunzeker ( **EricHunzeker**)

Gerard McGlone( **jmcglone75**)

 github.com/erichunzeker/SWE-Spring2019

What: What is the project or what is the problem statement in one sentence?

Type that shit here

Why: Why is this project or problem solving important to you (what is the socio-economic or technological positive)?

Type that shit here

How: How are you going to solve it? Briefly outline your solution strategy: like technology stack, platform, etc.

Type that shit here
